1. VADO

Extending its brassware portfolio, Vado has introduced the Individual by Vado collection of taps, showers and accessories in a choice of six finishes. These include brushed black, brushed gold, brushed nickel and bright gold finishes for retail markets, and brushed bronze and bright nickel for specification and contract markets. Get details on the individual products in the range at www.rdr.link/KH048

2. LAKES

Manufacturer of showering spaces Lakes has launched the Bay series of enclosures, with product names inspired by the bays of Britain. The range features soft closing doors, branded hardware, and a choice of PureVue low iron glass and AllClear stay-clean glass as standard. The series will be introduced as a rolling launch, starting with the Carradale Hinged Door. See more on this story at www.rdr.link/KH049

3. ROCA

Extending its brassware collection, Roca has introduced Malva designed to sit alongside round, soft or square sanitaryware shapes. It boasts Cold Start technology to ensure water is only heated when it is required. The Malva collection includes standard height and extended height mixers, as well as built-in bath and shower mixers. Find out more about Malva at www.rdr.link/KH050

4. VALDAMA

Italian bathroom manufacturer Valdama has unveiled the Acquarello wash basin created by Prospero Rasulo. It features soft lines and is available in two-tone effects with contrasting basin and drain cover. Designers can choose from 11 finishes, spanning gloss and matt white through to yellow Zolfo, pink Velato and green Laguna. For the full range of colours, download the brochure at www.rdr.link/KH051

5. SANIFLO

Adding to the Kinedo brand is the Eclipse range of enclosures. They are available in multiple configurations, including corner and recessed, and can be specified with pivot or sliding doors up to 1600mm in length. Each door and panel is manufactured from toughened 6mm glass, with profiles adjustable up to 30mm to cater for uneven wall surfaces. Find out more at www.rdr.link/KH052

6. PJH

Expanding its matt black brassware, PJH has introduced the Finissimo collection. It spans a range of basin mixers, as well as a bath filler, and bath/shower mixer. Operating on a minimum water pressure of 0.5 bar for the standard and cloakroom basin mixer taps and 1.0bar for the rest of the brassware range, Finissimo comes with a 10-year guarantee.
